

We try to give families flexibility to visit after school, on weekends, or during weekday errands. Evening hours on Thursdays and Fridays also allow for fun after dinner or before movie nights at the mall.

Our location is central, easy to access by car or public transportation, and surrounded by plenty of parking. Parents often tell us they appreciate being able to combine shopping and playtime in one trip.

Plan the Next Kidventure

We welcome inquiries from parents planning birthdays, school outings, or group visits. Our party area is spacious enough to accommodate both small and large groups and we are always open to helping families make their day extra special.

At Toon Town Kidventure, communication is part of our promise to families. We believe in keeping things simple, friendly, and helpful. Whether it's arranging a special ride for your child, answering safety questions, or recommending the perfect toy, we're always happy to connect.
